

The District recognizes the importance of District staff and parents promoting a safe, secure, and healthy school environment. In accordance with Commissioner's Regulations, the Board of Education has appointed a Health and Safety Committee composed of representation from district officials, staff, bargaining units, and parents.

The Health and Safety Committee has created a form that will serve as a method to file a complaint, to the District's Health and Safety Co-Chairs.

If this complaint requires immediate action please call the
