

Community Meeting - CHUFSD School Re-entry Task Force
K12 Alert from: June 22, 2020

Dear Croton-Harmon Families,

As a school district we still await school re-entry guidance from the New York State Education Department. In the meantime, our Task Force has been thoughtfully considering elements of a re-entry plan and would appreciate you sharing some of your thoughts. We believe that the community's voice will strengthen our plan, and your input will be considered as we continue to work throughout the summer.

As you recall, our first survey asked for your input regarding eLearning experiences this Spring. This second survey addresses your thoughts around September reopening. [Please access the survey here](#). Thank you for taking the time to complete this, as we will use it and potentially additional surveys to inform our work. This survey will close on June, 28, 2020.

Please also remember that you are invited to our **Croton-Harmon Community Meeting on School Re-entry**. It is taking place **tonight**, Monday June 22, at 5 PM. You can attend online or via phone, but the many visuals that will be presented makes the first option preferable.
