**Informational Video and Principal Meetings: Full Time In-Person Learning Model**

March 15, 2021

Dear Croton-Harmon Students, Parents, Staff and Community,

As we continue to plan for the April launch of our Full Time In-Person Learning Model, we have scheduled several informational meetings so that parents can obtain not only a district-wide perspective but also discuss building level planning and implications with their principals. Parents will be provided an opportunity to ask their principals specific questions about their planning.

As you can see from the table below, today we are launching a video which details a district-wide perspective of our move to the Full Time In-Person Learning Model. We hope that you have a chance to view it prior to the building specific meetings. Once again as a reminder, the Remote Learning Model is still available for our families as well.
